

LET'S GET IT TOGETHER

Chorus ***Get it together,
Lets get it together
Let's get it together
For our world.***

- 1. It won't do if only a few get it right.
What we need is everyone, everywhere
Giving our world a lot more care.**
- 2. There's so much that we can do to get it right.
Well you know
It's the little things, the simple things
That really count in saving our world**
